Superstructure: Flybridge

Yacht type: Catamaran

Air conditioning, WiFi connection

The exterior lines have been drafted by renowned VPLP design team whereby the interior has been conceived by the pens of Nauta Design to create the ultimate motor yacht experience incarnating all Lagoon-DNA. The idea behind this new approach to offshore cruising was to satisfy the demand of experienced yachtsmen for a combination of long range blue-water cruising with the high standards of a luxury motor yacht. The result is the new flagship of the Lagoon shipyard boasting with all amenities and large living areas guests on board will appreciate.

LA FREGATE features a 4-cabin layout for up to 8 guests sleeping. Additionally, two single bow cabins for captain and hostess minimizing crew movements in favour of guest's privacy which is achieved thanks to practical entrances into the cabins from the deck. For the saloon configuration, we have decided for the layout with the central galley position in order to optimize cabin space and arrangement in general, boasting with a large master cabin. It goes without saying that all 4 cabins feature own en-suite bathroom facilities as a matter of course.

Either you wish to relax and enjoy the panoramic round sea views, find shadow below the retractable hardtop bimini which can be opened electronically on request, chill next to the helms during navigation, or you prefer to refresh yourself with cold drinks out of the flybridge fridges and savor alfresco dining experiences, -all this with simple sunbathing on the flybridge foredeck is possible on board LA FREGATE!

Key Features

- 1 Lots of volumes
- 2 Very low consumption
- 3 Rare on the market : SoF/Corsica
- 4 Great crew
