AMENITIES

Info

Gym

- The air-conditioned gym provides space for two basic machines of owners choice, a wall mounted TV for entertainment and 18,000 BTU of air-conditioning.
- There is an access door to the starboard side deck via a weatherproof door. The full glass hull side provides views over the sea whilst training.
- Blinds to the internal glass wall provide privacy also during training sessions and allow natural light into the lobby when not in use.

Beach House

- The beach club area is behind the transom door, main access is when the transom door is opened forming a beach area for bathing and the club area for relaxing inside the structure. There is an emergency escape to main deck also and access via the engine room.
- The lounging area in teak and white is to the port side of the club with matching coffee table and to starboard a bar area with fridge and ice maker, a swimming shower is provided on the starboard side of the beach and a full shower is provided in the back of the club area. There is also a changing room and separate toilet.
- This area is fully air-conditioned with 36,000 BTU of heating or cooling arranged overhead creating an air curtain in the doorway. There are German Maestro Marine speakers here for music from the main saloon unit.
- Access to the starboard side laundry with separate washer and dryer plus storage and port side technical space for AC main power controls and systems is also from this area via water tight doors.
